INFRASTRUCTURE FINANCE: Community Development Block Grant Program

Helping Build Communities ...

Grants and technical assistance are available to develop livable urban communities for persons of low and moderate incomes by expanding economic opportunities; and providing housing and suitable living environments.

ELIGIBLE PROJECTS

There is a broad range of projects that may be assisted with the Community Development Block Grant (CBDG) funds. Typical projects funded by this program are:

- Public Works Infrastructure including water and wastewater treatment plants, public water and sewer pipe, and water reservoirs.
- Community Facilities including Libraries, Head Start Centers, Emergency/Homeless Shelters, Transitional Housing, Shelters/Workshops for People with Disabilities, Non-profit Health Clinics, Drug and Alcohol Treatment Centers, and Senior Centers.
- Regional Housing Rehabilitation Programs for single-family housing occupied by low- and moderate-income persons.
- Microenterprise—training to microenterprise owners and persons developing microenterprises.

ELIGIBLE ENTITIES

Oregon cities and counties are eligible based upon the levels of low- and moderate-income families that benefit from the services provided by the eligible projects. Projects that serve primarily low- and moderate-income people (Head Start, Emergency/Homeless Shelters, etc.) are eligible regardless of the Community income level.

Business Oregon's infrastructure finance programs assist communities to build infrastructure capacity to address public health safety and compliance issues as well as support their ability to attract, retain and expand businesses. We strive to coordinate the delivery of infrastructure financing to Oregon communities and to better collaborate with local partners.

The Business Oregon logo and seal. The logo is a circular emblem with the words "BUSINESS OREGON" at the top and "1859" at the bottom. The seal features a central figure holding a torch and a plow, surrounded by the words "STATE OF OREGON" and "1859".

Business Oregon is an agency
of the state of Oregon.

HOW TO APPLY:

The following outlines the application process for all other project types:

Step 1:

Initial contact and project development. Business Oregon must be contacted prior to submitting an application. A regional development officer will be assigned to work with the city or county to develop the project concept.

Step 2:

Application invited. If the proposed project meets funding criteria and funds are available, an application will be invited and a form provided that will need to be completed and submitted by the application deadline.

Step 3:

Application submitted. Completed, signed forms must be submitted by 5:00 pm on the last day of the application period.

Step 4:

Application assignment. Once an application is verified "complete," it is given to a department staff member participating on the Rating, Ranking, and Review Team.

Step 5:

Application review. All completed applications received during the annual application period are rated and ranked. Funding recommendations are then sent to the IFA management team for review.

Step 6:

Funding recommendation review. The agency management team reviews the forwarded recommendations and the agency director makes all final award decisions.

Step 7:

Notice of decision. Business Oregon notifies applicants of their funding status approximately 30 to 60 days after the application closing date.

Start the application process today by **visiting** www.oregon4biz.com, check the **staff directory** for how to contact the [Regional Development Officer](#) for your area.
